Key:

F - Only offered in Fall semester	O – Only offered Online	T - Transfer	CP – Certificate of Proficiency	AA – Associate of Arts Degree
S – Only offered in Spring semester	P – Prerequisite to Program	E - Elective	TC – Technical Certificate	AS – Associate of Science Degree
SU – Only offered in Summer semester	SUB - Substitution	* Critical Course		AAS – Associate of Applied Science Degree

SouthArk Guided Pathway to Success (GPS)

AEMT CP

Program Description	This program is for certified EMT's to obtain further training at an intermediate level between EMT and Paramedic. The program is designed to prepare students for the AEMT licensure examination. The primary focus of the AEMT is to provide basic and limited advanced emergency medical care and transportation for critical and emergent patients and the use of basic and advanced equipment typically found on an ambulance. Almost all of the AEMT program courses are Paramedic program courses. Therefore, the AEMT graduate who is accepted into the Paramedic program will have a majority of the courses already completed, thereby creating an easier path to becoming a paramedic. Successful graduates of the AEMT program earn a Certificate of Proficiency (CP) from the college and qualify to take the national registry AEMT test.
Program Requirements	15 TOTAL program credit hours; An application to the program is required. Applicants must be a current nationally-registered Emergency Medical Technician (EMT). Students must successfully complete program requirements with a grade of "C" or higher. See webpage for further information. Applicants must pass a criminal background check and drug screen upon entry to the program (instructions will be provided by the program director).
Link to Program Webpage	https://www.southark.edu/academics/health-science/emergency-medical-services
Career Opportunities	The program prepares individuals to work in emergency medical services, on industrial emergency response teams, and may be of benefit in other health care environments.
Transfer Paths and Requirements	SouthArk offers a Paramedic TC and an AAS that the graduates of the AEMT program qualify to take.

REMEDIATION REQUIREMENTS:

Current course placement requirements and applicable remediation can be found in the college catalog.

I understand that when seeking a credential, I may be required to enroll in remediation / co-requisite courses as a result of my test scores in compliance with Arkansas Law, Act 1052, which may take additional semesters for successful completion.
