## South Arkansas Community College

### School Enrollment

Individual enrollments (*Table 9*) were identified from the snapshot file of the data collected via the internal database, Jenzabar, for the listed terms on the 11th day of classes. The student semester credit hours (SSCH) count and full-time enrollment (FTE) presented (*Table 9*) are based on the corrections provided by the Arkansas Department of Higher Education (ADHE) which can include the removal of undocumented students and classes beginning after the 11th day of the term. Additional credit hours seen in later charts reflect these off schedule classes. Full-time status is defined by ADHE as a 15 hour or more credit load while the national Integrated Postsecondary Education Data System (IPEDS) uses a 12 hour minimum.

**Table 9: Individual Enrollments, SSCH, FTE for Fall 2017 and Spring 2018**

Individual Enrollments		
	Fall '17	Spring '18
<b>Headcount</b>	1,481	1,386
<b>SSCH</b>	13,707	13,755
<b>FTE (ADHE)</b>	914	917

Individual enrollment classifications (*Table 10, Chart 4, and Chart 5*) are defined by ADHE as follows:

- First-time entering undergraduate student- a student entering any college for the first time ever
- First-time entering undergraduate transfer student- an undergraduate student entering the institution for the first time with credit courses attempted or completed at another institution
- Continuing undergraduate student - a student who was previously enrolled at the college during the previous regular academic term and has completed a year's worth of courses
- High school student- A student who has not received a high school diploma or GED but is enrolled in college-level courses
- Readmitted undergraduate- an undergraduate who has transferred to another college, but then returned to SouthArk.

## School Enrollment Demographic

At this time, IPEDS reporting combines self-reported ethnicity and race. Whenever race or ethnicity is referred to in the context of the enrolled population, they will be considered interchangeable. (Table 12, Chart 6, Table 13, Chart 7)

## Career Pathways and Carl D. Perkins

Career Pathways is a federally funded grant program designed to assist eligible students meet their educational goals so that they have a career in a high demand, high wage field. A CPI participant must have a child in the home under the age of 21, be an Arkansas resident, and make less than 250% of the Federal Poverty Level (for a family of 4 the limit would be \$61,500).

**Table 24: PYE 16-17 Carl D. Perkins Act Core Indicators (PYE = Program Year End)**

The Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV) provides a renewed vision of career and technical education programs for the 21st century. The Act envisions that all students will achieve challenging academic and technical standards and be prepared for high skill, high wage, or high demand occupations in current or emerging professions. This is done by providing an increased focus on academic achievement of career and technical education students, increasing State and local accountability, and strengthening the connections between secondary and postsecondary education.
